Personal Profile

I'm an enthusiastic and passionate individual in cyber security, psyched up with intensities of protecting, identification, analysis and mitigation of risks to be able to ensure the CIA catalogue of Confidentiality, Integrity and Availability of data as the first necessity in security.

A highly motivated and analytical graduate with a bachelor's degree in computer science, possessing a strong foundation in cybersecurity principles and technologies. Experienced with common SIEM solutions and proficient in understanding network protocols such as TCP/IP, HTTP, and DNS. Skilled in both Microsoft Windows and *NIX operating systems, with hands-on experience in security tools like anti-virus software, Intrusion Prevention Systems, and Firewalls.

I am passionate about staying up to date with the cyber security field of technology and the learning and development of the field.

Work Experience

HACKTIFY – VIRTUAL INTERNSHIP

FEBRUARY 2025 – MARCH 2025

- Conducted security assessments, including **HTML Injection, Cross-Site Scripting (XSS), SQL Injection, Insecure Direct Object References (IDOR), Cross-Site Request Forgery (CSRF), and Cross-Origin Resource Sharing (CORS)** vulnerabilities.
- Performed penetration testing and **Capture the Flag (CTF) challenges** to identify and exploit security flaws in web applications.
- Documented findings with **detailed reports**, providing remediation recommendations to enhance application security.
- Gained hands-on experience in **ethical hacking methodologies** and **secure coding best practices** to mitigate cybersecurity risks.

This role strengthened my expertise in **web application security, vulnerability assessment, and penetration testing**, equipping me with the skills to identify and prevent cyber threats effectively.

AWS CLOUD PRACTITIONER TRAINEE - AWS RESTART PROGRAM

MAY 2024 – AUGUST 2024

- **Amazon S3 (Simple Storage Service):** Gained proficiency in setting up and managing S3 buckets, configuring bucket policies, and using S3 for scalable and secure object storage solutions.
- **Amazon RDS (Relational Database Service):** Learned to deploy, manage, and scale relational databases in the cloud. Worked on labs involving database backups, snapshots, and security configurations.
- **Amazon EC2 (Elastic Compute Cloud):** Acquired hands-on experience in launching, configuring, and managing EC2 instances. Practised creating security groups, key pairs, and setting up load balancers for high availability.

- **Projects and Labs:** Designed and Implemented a fully elastic Apache Web Server solution using a VPC, public and private subnets, elastic load balancer, ec2 auto-scaling, Nat gateway and internet gateway. Configuring the security group to control access to the resources and the Network access control list (NaCl) to control traffic in and out of the VPC and subnets.

ICT ASSISTANT ATTACHE` – KENYA NATIONAL HIGHWAYS AUTHORITY(KeNHA)

MAY 2021 – AUGUST 2021

- **Network management:** Assisting in network management and maintenance, ensuring uptime and stability for internal communications.
- **Troubleshooting:** Departmental troubleshooting and error management of computers and systems in the organisation.
- **User Training:** Conducting user training on basic computer packages and ensuring staff proficiency in essential software tools.
- **Inventory Management:** Supporting the IT department with inventory management and assisting in the procurement of computers, printers, and other accessories.
- **ERP System Management:** Collaborating with different departments for website management and ensuring updated content in conjunction with the communications team.
- **Data Collection and Analysis:** Providing support for data collection and analysis alongside the Digital Tech department, ensuring accuracy and reliability of data.
- **Repairs and Replacement:** Performing minor repairs and replacement of faulty PC parts, ensuring minimal downtime.

Education Qualification

SEPTEMBER 2018 – OCTOBER 2023

BACHELOR OF SCIENCE IN COMPUTER SCIENCE CATHOLIC UNIVERSITY OF EASTERN AFRICA

Technical Skills

PROGRAMMING LANGUAGES.

Python, Bash Scripting, SQL; Relational databases using Oracle, Java, C#, C++, C

DATABASES

MySQL, Amazon Aurora, Amazon Dynamo Db

AWS CLOUD COMPUTING

Scripting using Linux, Amazon EC2, Resource Provision

SECURITY

Cybersecurity, Cryptography, Cyber Defense, Ethical Hacking, Incident Management, Information Security

Soft Skills

- Able to convey complex technical concepts to non-technical stakeholders and work collaboratively across teams.
- Strong written and verbal communication for clear reporting and documentation.
- Problem solving skills to analyse issues and developing innovative solutions under pressure.

- Effectively prioritizing tasks and meeting deadlines in a fast-paced environment.
 - Quick to learn and adapt to new tools, technologies, and work environments.
 - Focused on accuracy and identifying small details that could impact larger outcomes.
 - Ability to work collaboratively with cross-functional teams and in a fast-paced dynamic environment.
 - Able to lead projects and motivate teams towards success.
 - Understanding and managing my own emotions while empathizing with colleagues and clients.
-

Professional Qualifications

- ETHICAL HACKER
CISCO
- CYBER THREAT MANAGEMENT
CISCO
- NETWORK ADDRESSING AND BASIC TROUBLESHOOTING
CISCO
- CYBERSECURITY FUNDAMENTALS
IBM
- AWS CERTIFIED CLOUD PRACTITIONER
AMAZON WEB SERVICES
- CERTIFICATE IN TECHNICAL SUPPORT FUNDAMENTALS
COURSERA
- **CERTIFICATE IN First PYTHON From UST**
COURSERA
- **CERTIFICATE IN First WEB APP with PYTHON and FLASK**
COURSERA
- **CERTIFICATE IN DATA ENCRYPTION using AWS KMS From UST**
COURSERA
- **CERTIFICATE IN EXPLORATORY DATA ANALYSIS with SEABORN**
COURSERA
- **CERTIFICATE IN STATISTICAL DATA VISUALIZATION with SEABORN from UST**
COURSERA
- **CERTIFICATE IN CYBERSECURITY Intro**
IBM
